

FY26 AASHTOWare Project Licensing Information

- FY26 License fee increase
 - A la Carte options are increasing by approximately 8%
 - Bundle options are increasing by approximately 6%
- New license offerings for FY26
 - AASHTOWare Project Asset Tracker
 - A new SaaS application connecting agency assets with pay item data in the AASHTOWare Project™ unified database. It bridges gaps in the highway construction digital workflow by linking design, estimation, letting, and construction through a common asset ID.
 - Will be available as an A la Carte option and as part of Bundle Option #3.
 - Pre-Development Add-on Option
 - Hosted environment that allows agencies to receive automatic updates.
 - Provides one additional AASHTOWare Project installation where the active pre-production release (N+1) is pushed out.
 - Automatic site updates occur as stable builds become available, which may result in multiple updates per month.
 - Includes three yearly data refreshes from either the N or N-1 release at the agency's request.
- Refer to the tables in the subsequent pages for a breakdown of:
 - FY25 license fees (current fiscal year)
 - FY26 license fees (upcoming fiscal year)
 - Maximum projected fee increases for FY27
